

Briefing Note 3 – Regional Delivery Plan - Key dates for County LBAPs in the SW Biodiversity Delivery Plan process

In the table below are the key contacts for each county LBAP partnerships and the dates for their county meetings to discuss their potential submissions to the Regional Delivery Plan process. Where more than one BAP exists in an area we are encouraging them all to work together in a county area to define these priorities. Where BAPs exist across borders it is also key they are recognised and included in the appropriate county discussions. Where meetings have already taken place please do contact the appropriate contact to discuss progress and discussions to date. If you would like to clarify anything about the process do not hesitate to contact myself on the contact details below.

County	Date	Time (where known)	Contact - LBAP Co-ordinator
Cornwall	26 th November 2009	10am to 1pm	Sam Smith T: 01872 273939 extension 214 E: bap@cornwt.demon.co.uk
